BETTER MOVE ON

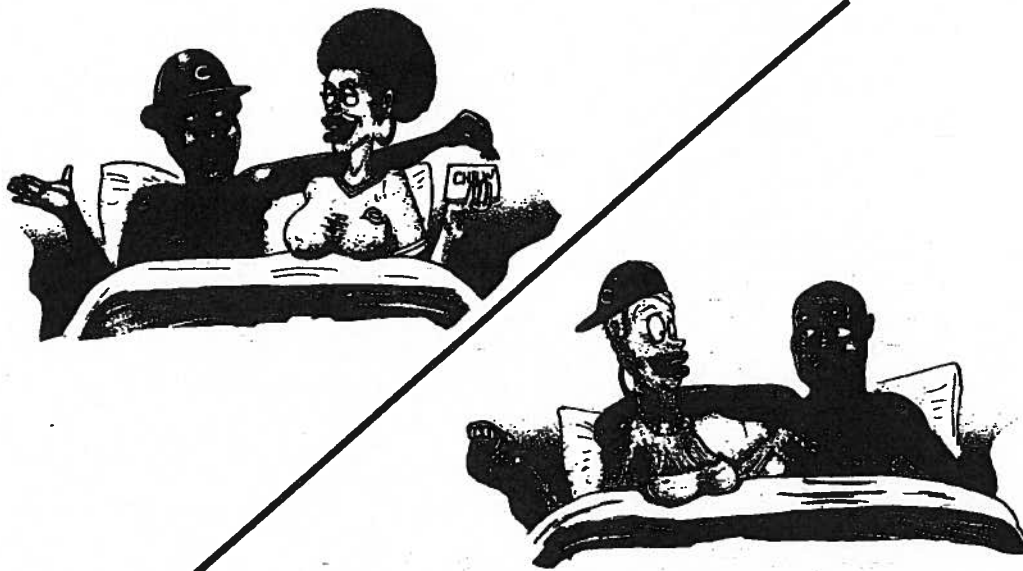

First of I'd like to thank the Lord Almighty. Special thanks to Dre couldn't do it without you. To T Bone, Jo-Jo, Lil' Snoop, and Monster Luv you. Special, special thanks to that ho Shalonda girl you light my world up. The relief you provide between my recording sessions are straight up. Having you on tap is the rizzo dizzo on the pimp jizzle, you know what I'm sayin. I remember that time in my six-four in that alley, girl that was the shizzle dizzle to D-O Double hizzle. You can take it like no other on the B side and I'll never forget that. Cush till I die. Peace
